# **YOUR COVIDSAFE PLAN**

## **1. Do you have a COVIDSafe Plan?**

Every business with on-site operations must have a COVIDSafe Plan. WorkSafe and Authorised Officers are conducting spot checks across Victoria.

## **2. Do you know the COVIDSafe settings for your sector?**

Guidance on each sector is available at [coronavirus.vic.gov.au/guidance-sectors](https://coronavirus.vic.gov.au/guidance-sectors). They include hospitality, retail, offices and real estate. Each sector guidance page includes advice and answers to Frequently Asked Questions.

## **3. What have you done to make your business COVIDSafe?**

These actions may include providing workers with personal protective equipment such as face masks, encouraging customers to check in, making sanitiser available and disinfecting frequently touched surfaces.

## **4. Who is responsible for updating your COVIDSafe Plan?**

Your COVIDSafe Plan should be frequently reviewed and updated to help you comply with any new restrictions and meet requirements for your workers and/or customers.

## **5. Do your workers know your COVIDSafe Plan?**

It's important for your workers to know your COVIDSafe Plan and the actions you have taken. It will help them understand the importance to your business of staying safe and the importance of staying home if they are ill. The COVID-19 symptoms include fever, chills, cough, sore throat, shortness of breath, a runny nose or loss of smell.

## **6. How do you record the contact details of staff/visitors/guests?**

Record keeping is an important tool to help contact tracers stop the spread of COVID-19. All businesses are encouraged to use the Victorian Government QR Code service. It is free and easy to use.

From 28 May, all venues and businesses required to undertake electronic record keeping must use the Victorian Government QR Code Service through the Service Victoria app. This is convenient for Victorians and gives contact tracers access to the best data quickly. The full list is available at [CORONAVIRUS.vic.gov.au/QRCode](https://CORONAVIRUS.vic.gov.au/QRCode)

## **7. Would you like more signs and posters to help customers do the right thing?**

Signs, posters and stickers for your business are available at [coronavirus.vic.gov.au/signs-posters-and-templates](https://coronavirus.vic.gov.au/signs-posters-and-templates)

## This is how you will keep your workers and customers safe.

### Practise physical distancing

Requirements and recommendations	Action
You must apply the relevant density quotient. Check your sector guidelines to see how many people can safely be in each area. For example, if you have 30m <sup>2</sup> shop, 15 people can be there under the two square metre rule.	<p>What is the density quotient for your sector?</p> <p>What are you doing to comply with the density quotient?</p> <p>Have you put up a sign at the entrance?</p> <p>Who is responsible for ensuring you do not exceed your density quotient?</p>
Where possible, aim for workers and visitors to maintain physical distancing of 1.5 metres.	<p>Do you need to reduce crowding as people enter, move through and leave the workplace?</p> <p>Are you using floor markings or stickers to encourage people to stay 1.5 metres apart?</p>
You should provide training to workers on physical distancing. This should include an understanding of the current COVIDSafe settings.  This can be found at <a href="https://coronavirus.vic.gov.au">coronavirus.vic.gov.au</a>	What have you done to make sure your workers understand the importance of physical distancing?

### Wear a face mask

Requirements and recommendations	Action
You must ensure all workers adhere to current face mask requirements, as outlined at <a href="https://coronavirus.vic.gov.au/face-masks">coronavirus.vic.gov.au/face-masks</a>  Requirements may change over time.	<p>Do your workers understand the face mask requirements for your sector?</p> <p>Do you provide your workers with face masks?</p>

<p>You should provide training, instruction and guidance on how to correctly fit, use and dispose of Personal Protective Equipment (PPE).</p> <p>You should inform workers that reusable face masks should be washed each day after use. However, if during the day the face mask is visibly dirty or wet, it needs to be replaced with a clean face mask immediately.</p>	<p>Who is responsible for making sure your workers understand how to use PPE?</p>
--	---

## Practise good hygiene

Requirements and recommendations	Action
<p>You must take all reasonable steps to frequently and regularly clean and disinfect shared spaces, including frequently touched surfaces such as doorknobs and telephones.</p> <p>You should:</p> <ul style="list-style-type: none"> <li>• Clean frequently touched surfaces with appropriate cleaning products, including detergent and disinfectant.</li> <li>• Clean between shifts.</li> </ul>	<p>Do you clean and disinfect frequently touched surfaces twice a day, including doorknobs, counters and handrails?</p> <p>Who is responsible for cleaning between shifts?</p>
<p>You should display a cleaning log in shared spaces.</p>	<p>Where is your cleaning log?</p>
<p>You should make soap and hand sanitiser available for all workers and encourage regular handwashing.</p>	<p>Do you have soap and water at all wash stations?</p> <p>Can customers, delivery people, contractors all access sanitiser when they arrive?</p>

## Keep records and act quickly if workers are ill

Requirements and recommendations	Action
<p>If your workers are ill, you must support workers to get tested and stay home even if they only have mild symptoms.</p>	<p>Do you know the symptoms of COVID-19?</p> <p>If a worker has symptoms, do they know they should go home and get tested?</p>
<p>You must develop a business contingency plan to manage any outbreaks. This includes:</p> <ul style="list-style-type: none"> <li>• A plan to respond to a worker being notified they are a positive case or a close contact while at work.</li> <li>• A plan to clean the worksite (or part) in the event of a positive case.</li> <li>• A plan to contact the Department of Health and WorkSafe Victoria on 13 23 60 if you have a person with COVID-19 at your workplace.</li> <li>• A plan in case you are instructed to close by the Department of Health.</li> <li>• A plan to re-open your workplace once approved by the Department of Health.</li> </ul>	<p>How do you record all staff and contractors on site?</p> <p>How will you contact all your staff and suppliers quickly if they need to quarantine and get tested?</p> <p>Who will ring the Department of Health and WorkSafe if you have a positive case in the workplace?</p>

From 28 May, all venues and businesses required to undertake electronic record keeping must use the Victorian Government QR Code Service through the Service Victoria app. This is convenient for Victorians and gives contact tracers access to the best data quickly. It is free, quick and easy to use.

Register for the Victorian Government QR Code Service at [coronavirus.vic.gov.au/register-to-use-vic-gov-qr-code-service](https://coronavirus.vic.gov.au/register-to-use-vic-gov-qr-code-service)

If there is an outbreak, this will enable rapid and effective contact tracing to stop the virus spreading.

## Avoid interactions in enclosed spaces

### Requirements and recommendations

You should reduce the amount of time workers are spending in enclosed spaces. This could include:

- Enabling working in outdoor environments.
- Moving as much activity outside as possible, including serving customers, meetings, tearooms, lunchbreaks and locker rooms.
- Enhancing airflow by opening windows and doors.
- Optimising fresh air flow in air conditioning systems.

### Action

Can you open doors or windows, or relocate activity outside?

## Create workforce bubbles

### Requirements and recommendations

Consider keeping groups of workers rostered on the same shifts at a single worksite. Avoid any overlap of workers during shift changes where it is practical to do so.

### Action

Do you keep workers in groups, reducing the number of people they interact with?

If there is an outbreak, how can you stop it spreading across all your teams?

Are teams assigned different days?

This document is a guide to assist small businesses to create a COVIDSafe Plan.
